

## A Visit to Kalyani Maxion Wheels

Industry Visit is a crucial part of MBA. It teaches how the corporate works and what are the skillsets that a student needs to possess to be able to get him placed in the corporate.

We, at ISMS take Industrial Visits very seriously and conduct numerous industrial visits for the growth of the students.

Kalyani Group, established in mid 1960s, is an Indian multi-national with high technology, engineering & manufacturing capability across critical sectors such as Engineering Steel, Automotive, Industrial, Renewable Energy, Urban Infrastructure and Specialty Chemicals. With end-to-end capability and manufacturing footprint across India, Germany, Sweden, & China, the Group has an annual turnover of over 12,000 Crores and market capitalization of its listed entities approximately 10,000 crores. The group has joint ventures with some of the world leaders such as Meritor, USA, Carpenter Technology Corporation, USA, Maxion Wheels, Brazil, FAW Corporation, China, Alstom, France and David Brown, UK.

Kalyani Maxion Wheels is a subsidiary company of Kalyani Group. Kalyani Maxion Wheels Private Limited is a Private incorporated on 18 January 1996. It is classified as non-govt company and is registered at Registrar of Companies, Pune. Its authorized share capital is Rs. 550,000,000 and its paid-up capital is Rs. 160,000,000.

The visit was conducted on 29<sup>th</sup> July, 2019 under the supervision of Prof. Prince Francis, Head of Academics. The visit was all about the practical knowledge of how operations management work in a manufacturing company, how supply chain and logistics work, how research and development contribute a major part to the success of a company and lots of other knowledges.
